

# Congratulations Epsilon Iota!

Congratulations Epsilon Iota! I am so proud of everything you have done as a chapter and as individuals. Each and every one of you had an impact on me this year! I loved staying at the pine, attending Greek week skit practice, sitting through long slating meetings, and even going home with Caroline before flying out for Thanksgiving break! What great memories! I love keeping up with everyone and what the chapter is doing through Facebook and get so excited to see someone from Epsilon Iota like or comment on my page! I know that the chapter will go on to go amazing things and really push the Greek community at Allegheny to live out the values of Greek organizations! Continue to think outside

the box and challenge yourselves to become even stronger! I cannot wait to see what you accomplish! Congratulations again on becoming a fully established chapter and I am so lucky to have been able to visit you all or as I would say y'all!

Delta Love and all of mine,  
AnneMarie Martin  
FC 2011-2012

Congratulations Epsilon Iota!! I continue to be so impressed with your chapter and have thoroughly enjoyed the time I was able to spend with you all! Not only have you truly excelled in all areas of chapter life (with a phenomenal recruitment to top it all off!), but your strong sisterhood is truly something to be proud of and it was something

that I noticed right away. Cannot wait to hear about the next amazing things that you will do as a chapter!

Sarah Rademaker  
FC 2011-2012

I remember when I was notified that I would spend the majority of my spring semester working with the Epsilon Iota chapter. My first thought was that they were my early Christmas present. I had talked to their fall stationary consultant, Katie Spell, at length about her experience with the chapter, and I

knew I wanted the opportunity to work with them in the spring. I had the privilege of working with Katie Spell during the chapter's first formal recruitment, and it was hard work and late nights, but on Bid Day, when the temperature outside was -10 degrees, my heart was filled with joy. The chapter accepted me like I was one of their own members, and they put a significant amount of trust in me, as we worked through the education of their first large new member class, ritual changes, officer transitions, and the chapter's first birthday. I remember developing a close relationship with the chapter's President, Caitlin O'Brien-Rice. She was poised, humble, and possessed an incredible spark that made me so proud to be a Tri Delta. The entire chapter made me proud to be a Tri Delta. The women were bright, motivated, generous, and incredibly supportive of not only one another, but of every consultant that came to campus. Some of my happiest memories during my year on the road were associated with EI. Whether it was braving the icy roads of Meadville, eating at Brooks, watching Caitlin accept the Outstanding Organization award on behalf of the chapter, running to the grocery store last minute for more supplies for the chapter's second Pancake Breakfast, or crying after receiving a heart-warming picture of me and the chapter and loving notes the women wrote me. These women go out of their way and above and beyond because they recognize the meaning behind our values. Congratulations on becoming an "established chapter" of Tri Delta, but in my opinion, you were always an established chapter, even before Tri Delta came to campus. You were already living out our values and our motto, you just needed to find Tri Delta.

All of my Delta Love,

Brittan Etzenhouser  
FC 2008-2009, stationary consultant with Epsilon Iota spring 2009

To the members and sisters of Epsilon Iota,

We often watch time pass by quickly and rapidly, taking note of the special moments and memories as they come and go. Four years have come and gone as if one season has

changed. In reality, many seasons have transitioned and the Epsilon Iota chapter has grown into a strong group of honest, loyal, and steadfast women! It is truly incredible to see how Tri Delta has gone from an idea, an opportunity, and something unknown to become what it is today at Allegheny College; a prestigious opportunity where women can gain a lifetime of experiences, growth and friendship.

Congratulations Epsilon Iota! Strive towards the highest... now and on into the future!

Delta love and all of mine,  
Joanna Webb  
FC 2007-2008, stationary consultant with Epsilon Iota - spring 2008

I had the pleasure of spending a year traveling for Tri Delta as an FC during the 2009-2010 school year and Allegheny was truly my home away from home. The women were not just welcoming to a stranger, but did not see me as a stranger at all. So, to all of the members, collegians and alumnae, of the Epsilon Iota chapter, I first want to say thank you. Thank

you for being the women that you are, modeling all that Tri Delta is meant to be, and setting a standard for any new chapter colonized by Tri Delta in the future. Thank you for teaching me all about what Tri Delta is meant to be and offer. I learned more from my experiences with your members at Epsilon Iota that I could have ever dreamed. As I have continued my work with Tri Delta in a different capacity, when working on the resources we offer to our chapters or planning advice to give to a member, I often find myself pondering, "What would Epsilon Iota do?" Next I want to congratulate you on all of your hard work, commitment to Tri Delta and most of all one another. Finally, I want to say keep it up. Remember the memory for this special celebration and let it always propel you forward just, always share Epsilon Iota's story with the newest members and remember the timeless values that you started this chapter upon. When things get tough or you feel overworked let the lessons of Tri Delta's sisterhood be your momentum to keep doing all of the great things that the Fraternity know your chapter to be capable of. Congratulations!

Natalie Parish  
FC 2009-2010

Dearest Epsilon Iota sisters,

Happy 4th anniversary! Many of you likely have no knowledge of me, but I served as the 2nd stationary consultant to work with your chapter. To give you an idea of the state of EI when I arrived, just know this...there were

officers but no one really knew what they were supposed to do, the suite was brand new, and the chapter had never recruited, held a philanthropy event, or had a standards hearing.

Here I came straight from the great Southern region of the country with sundresses and a vocabulary full of y'all's to "whip the chapter into shape." What an experience it was...I think I nearly wrecked about 5 rental cars attempting to drive in the snow, I got strange looks when I tried to make small talk with strangers in the grocery store, and I watched several young men scale a building to profess their love for their sorority girlfriends.

But in addition to experiencing the great Meadville culture, I watched a group of women develop into a sisterhood. A sisterhood who learned to run a chapter meeting, hold sisters accountable, love one another, host a philanthropy event and recruit the heck out of PNMs blossomed before my eyes.

I still try to keep track of the chapter, and it sounds like you are making your founding sisters (and me!) so proud. If you've ever heard me described, it was probably as the small, sassy, Southern one, but I will always be proud to have assumed that role for you chapter because I like to think it helped make your chapter what it is today. Happy 4th and congrats!

Delta love,  
Katie Spell  
FC 2008-2009, stationary consultant with Epsilon Iota - fall 2008
